

# Project Information Sheet

## Willamette Street (downtown) Paving Project

### Project Overview:

- The City plans to repave Willamette Street from 10<sup>th</sup> Avenue to 13<sup>th</sup> Avenue in 2016.
- The block from 10<sup>th</sup> Ave to 11<sup>th</sup> Ave, right next to the LTD station, will be resurfaced.
- The two blocks from 11<sup>th</sup> Ave to 13<sup>th</sup> Ave will be completely reconstructed.
- The project also include widening the existing sidewalk between 12<sup>th</sup> Alley and 13<sup>th</sup> Ave on the west side of the roadway.
- The bus shelters adjacent to the 13<sup>th</sup> & Olive Apartments will be relocated to the newly widened sidewalk.

### Construction Schedule:

- This project is scheduled to begin in September of 2016.

### Traffic Impacts:

- Drivers should expect lane closures on Willamette Street during paving and minor detours.
- Some businesses and apartment complexes will have alternative access routes.
- There will be several weeks of disruption to bus routes that use Willamette Street.
- There will be disruptions to the access of the Chase Bank branch at 11<sup>th</sup> Ave and Willamette St when excavation and paving occurs immediately in front of its driveway on Willamette St.
- Detours and temporary surfaces will be established to limit the disruptions and delays.
- With any construction, drivers should expect equipment and workers in the roadway leading to congestion and delays during the work.
- On-street parking will be reduced or closed during construction.

### Project Funding:

- The primary source of funding comes from the bond measure to fix streets passed by voters in 2012.
